Rockman DASH series is back! This time with the legendary hero of justice, Mega Man, known as Rockman in Japan. This is a re-telling of the first six Mega Man games with an all new animated series and voice acting. What makes this series different from past adaptations is that it will be using 2D style animation as opposed to hand drawn animation. This time around it will be made in flash, similar to the flash animations by UbiSoft and Natsume on YouTube. Here's a sneak peak at some of the voice actors: Mega Man: Roll (female): Dr. Light: Dr. Wily: Adapted from "Mega Man 1" and "Rockman 1: Dr. Wily no Inbou". Carl Johnson: Jane Valderama: GTA series characters have been featured in Mega Man Battle Network Battle Network 1 and Battle Network 2. However, the characters from GTA III and Liberty City Stories have not been featured as of yet. There are a few posts on YouTube featuring these characters as aids to Mega Man. The first episode of the series aired on April Fools Day, making it a major joke to audiences who expected a new "Mega Man Unlimited" series as well as those who hoped for a fourth season of Mega Man Legends.
